# Why Fusion Bands?

Fusion Band is a smartwatch with built-in earbuds, making connection faster and more convenient. Designed for runners who love music, it combines fitness tracking and entertainment in one device. It also connects to your phone, automatically locks when not in use, and can be unlocked or tracked through your phone for added security.

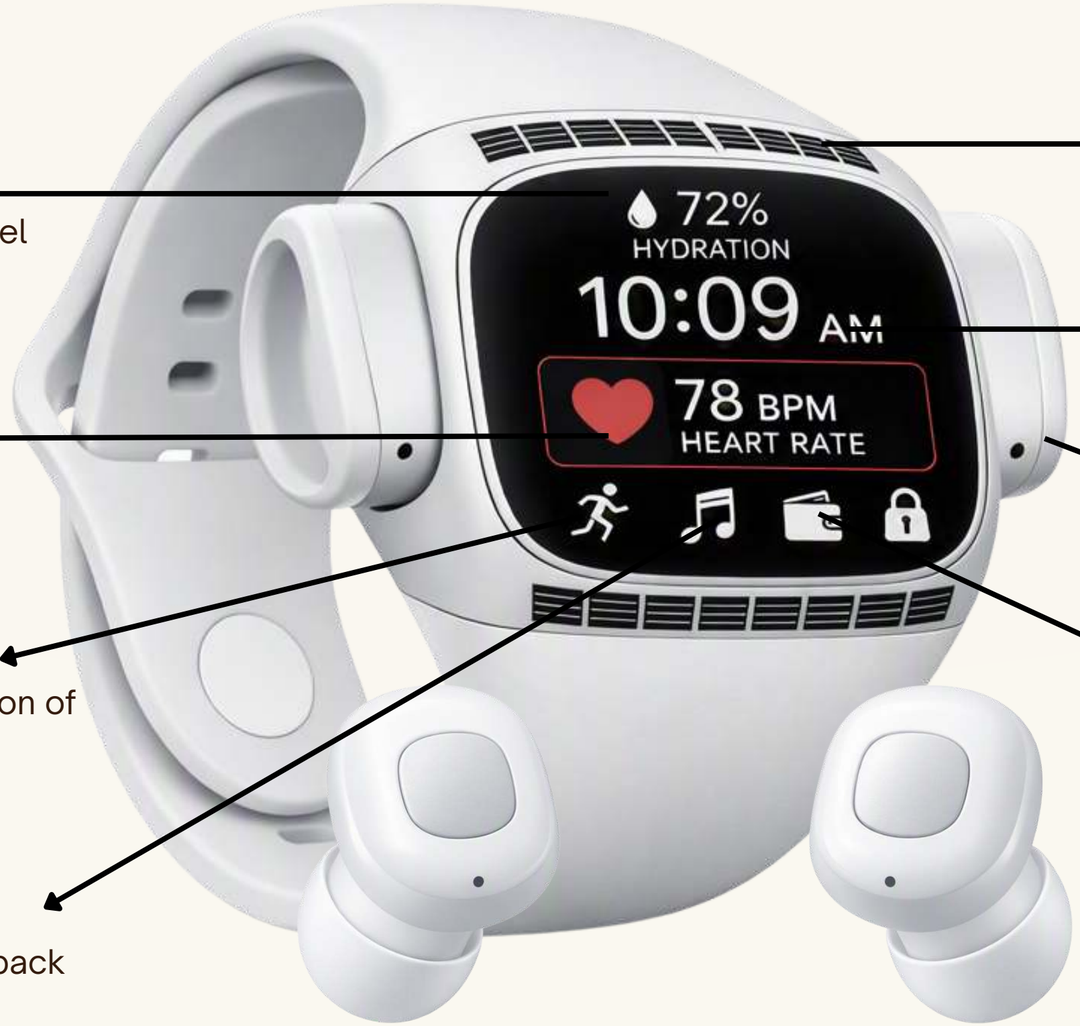

# Features

- Hydration Monitoring
- Live Location Sharing
- Heart Rate Monitoring
- Digital Wallet & ID
- Solar Charging
- Perfect for Running & Vibing
